# 2016
Sirius

Words highlighted green in the grid exemplify a hero of 1966. Often combined with 24di, the seven lighter green words can be preceded by 23C to make this explicit. In addition, "38C" combines with squad member 35C.

The grid's yellow highlights contain:
5,5,6,1,4,2,7,7.1,4,2,7,7,5,5,6.
2,5,5,6,1,4,2,7,7, 5'1,3,4,2,7,7,4,5,5,6?
(Wikipedia)

The words and their positions are to be deduced.

Some individual letters show both yellow and green, being part of both the two sets of themed words.

Solutions of 7 asterisked clues have to be treated as our hero before fitting in the grid. Such entries are real words.

Entrants to the world championship are 3D Calendar Puzzle owners (printed or internet versions) having thus donated at least £5 to BBC CiNA

A monthly prize of a reference book is awarded to a successful solver drawn from the hat. In the first instance this is the Chambers Standard Reference Dictionary. These monthly competitions are open to all.
